MINIMALIST

Oasis. Free from the distractions of clutter and busy ornament, minimalist design reveals a room's true character. Materials stress a natural simple state in wood, glass, stone, bamboo, woven grasses or wool. Deco should melt into the background, or is so candid and uncomplicated, it adds to the minimal statement. Integrated profiles that match the drawer and matt finishes complement the look.

RUSTIC

Hideaway. Haven.
Off the grid. The rustic style channels the earth; wood, stone, bronze, copper, cast iron, and stone in their raw forms. Finishes enhance the rough textures; hammered, weathered and distressed patinas hone the organic beauty of imperfections.

REVIVAL

Whether it is Greek columns or the Gothic rose window, revival styles continue to add signature elements to many designs. In deco, revival style details include ornate scroll work or the hammered Spanish “clavos” or nail heads. Materials run the gamut from a hand or cast iron to a polished gold filigree.
